

## Applicant Details

**Name – Doaa Abulatifa**

**Area of interest - Software Development**

## Transport

**Own Transport** ☒ **yes**

**Public** ☐

**Please give details of your transport -**

## Personal Statement

**Tell us about yourself in a couple of sentences –**

**As I am currently enrolled in a software development intensive course at Tech Educators, I am actively pursuing my passion for crafting and enhancing software solutions that positively impact people's lives. Despite a 10-year hiatus spent nurturing my family, I remained steadfast in advancing my skills. While my experience may have provided me with a strong foundation in programming languages such as Java, C++, and databases like Oracle and SQL, I recognize the importance of refreshing and updating these skills to align with current industry standards. To this end, I have undertaken self-directed study and completed courses such as Intermediate Python on DataCamp and HTML, CSS, and JavaScript on Codecademy.**

## Key Skills

**• Word, Excel, PowerPoint • Visual Studio, Python, SQL, Oracle • HTML, CSS, JavaScript, Java, C++ • Data Science with Python (intermediate level), Data Mining**

## Qualifications

**Bachelor of Business Information Systems**
